Que. No.	Question Statement	Marks	CO No.	BT Level
01	Develop a personal digital portfolio to showcase your skills, projects, and achievements. This project will help you demonstrate your web development skills and creativity in designing and structuring a professional portfolio. Requirements: - Portfolio Structure: - A homepage that introduces you and your portfolio. - A projects page showcasing at least 3 projects (real or hypothetical) with descriptions and links. - An about page with your bio and skills. - A contact page with a contact form (does not	15	3	

	need to be functional). 2. Design Elements: ○ Use responsive design to ensure the portfolio looks good on desktop, tablet, and mobile devices. ○ Include at least one navigation bar for easy access between pages. ○ Use consistent styling across all pages (e.g., fonts, colors, spacing). 3. CSS Features: ○ Utilize external CSS for styling. ○ Include at least three different CSS properties, such as grid/flexbox, hover effects, or transitions. ○ Use a media query to adjust the layout for smaller screen sizes. 4. HTML Features: ○ Use semantic HTML (e.g., <header>, <footer>, <section>, <article>). ○ Include proper use of tags like , <a>, , <h1>-<h6>, and <p>. 5. Content: ○ Use placeholder text and images if real content is unavailable. ○ Write meaningful descriptions for your projects and skills. 6. Deployment: ○ Deploy your portfolio on a platform like GitHub ○ Provide a live URL and the source code repository link. Submission Guidelines: • Submit the pdf / live URL and the GitHub repository link • Ensure your Digital Portfolio is fully functional before submission.

Assessment Rubrics

Criteria	Excellent (5 points)	Good (3 points)	Needs Improvement (2 points)	Poor (1 point)
HTML Implementation (03 Marks)	Semantic and clean HTML; appropriate use of tags.	Mostly semantic HTML; minor misuse of tags.	Some semantic HTML; several misused or missing tags.	Non-semantic HTML; frequent misuse or missing tags.
CSS Styling (03 Marks)	Consistent and visually appealing; advanced CSS features effectively used.	Mostly consistent and visually appealing; some advanced features used.	Limited styling; inconsistent or basic CSS usage.	Minimal or no styling; poorly implemented or distracting design.
Responsiveness (03 Marks)	Fully responsive; excellent use of media queries and layout adjustments.	Mostly responsive; minor issues with layout adjustments.	Partially responsive; significant layout issues on some devices.	Not responsive; layout breaks on different screen sizes.
Content and Presentation (03 Marks)	Meaningful and engaging content; images and text enhance the presentation.	Generally meaningful content; minor issues with text or image quality.	Limited or irrelevant content; images and text are poorly integrated.	Content is missing or unengaging; placeholders not replaced.
Deployment (03 Marks)	Successfully deployed with a working URL and repository link.	Deployed with minor issues (e.g., broken link or partially functioning features).	Deployed but with significant issues (e.g., broken features or missing repository link).	Not deployed or broken URL; no source code provided.

Chapter-1

Snapshots of Digital Portfolio webpages

Profile Summary

Motivated first-year Chemical Engineering student with strong interest in industrial processes, energy systems, and innovative engineering solutions. Passionate about applying engineering knowledge to solve practical real-world challenges.

Career Goal

I aspire to become a skilled Chemical Engineer by building strong technical expertise and gaining practical industrial experience. My goal is to contribute to sustainable and efficient chemical processes.

Education

- **First Year Chemical Engineering (Pursuing)**
- **School:** SSM Agri School, Mandavgan

(Homepage- Attach Webpage snapshot here)

Certifications

- Basic Computer Skills
- MS Office Training

Hobbies

- Exploring new technologies
- Watching engineering videos
- Playing outdoor sports
